	source is the most economical, effective and appropriate means of fulfilling a demonstrated need.
	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:
Please note that the following four points below (#2 through 5) all require a response.	
2. Description of Specific Need	
Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.	
<p>As part of CT-18F-20180307-2641, the State of Maine Subject Matter Experts (SMEs) are unable to commit to critical project milestone, resulting in a delay of the project's overall timeline.</p> <p>Interactions will be limited with the SMEs and the vendor during this time. This has resulted in SOM requesting a pause period, which results in a project extension and a cost impact for AST resources. The changes to the contract price reflect this impact, and SOM's accepted role in the project impact.</p>	
3. Availability of other Public Resources	
Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.	
<p>The State of Maine has contracted AST to configure and implement Data Warehouse Business Intelligence system and has the demonstrated knowledge of the work in progress. The change in the project schedule is a result of SOM resource availability and does not change the scope to the work AST is contracted to complete.</p>	
4. Cost	
Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are fair and reasonable .	
<p>The SOM OIT department reviewed the costs of the "pause" and agree that they are within the reasonable expectations and are billed at the rate in alignment with the existing contract.</p>	
5. Future Competition	
Please describe potential opportunities which may be available to foster competition for these goods or services in the future.	
None expected.	
Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.	
6. Uniqueness	
Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.	
<p>AST is actively configuring the existing data warehouse, per the contract. They are uniquely aware of the existing design and implementation that is currently under construction. They have been actively engaged with our SMEs, business, and OIT partners to understand the unique reporting needs of the SOM.</p>
