Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

JPMA is contracted to provide mandatory training in an online system by the Maine Chiefs of Police Association.

This online training allows staff to complete required training without incurring travel expenses. This training is required by all Maine law enforcement to maintain their academy certification to enforce the law in Maine. Without this training, game wardens will be decertified and could not work for the department.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This service is not available. All law enforcement in Maine must complete this training. The ONLY option is through JPMA web OR traveling to training which would be very costly.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This is the ONLY service of this kind. The fee is \$75 per employee.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

At some point in the future, the Maine Criminal Justice Academy may be able to provide this service without outsourcing.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Justice, Planning, and Management Associates, Inc. is the only on-line provider for mandated Maine Criminal Justice Academy training. This training is essential to maintaining certification of the law enforcement officers with the Bureau of Warden Service.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
