Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need
Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Backhoe T21-133: The front & rear main seals on the crank shaft were leaking engine oil. Had to add engine oil frequently.

The other repairs (jaw bucket cylinder leaking, back lights back feeding into electrical system, transmission input shaft seal weeping oil) that were made were issues that were unforeseen and not known until the engine was removed for the internal repair. They were all issues that needed to be addressed & repaired.
