G. The procurement of goods or services involves expenditures of \$10,000 or less, and procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need.

If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

One-year maintenance/service agreement for two (2) QiaCubes DNA/RNA extraction instruments and one (1) Pyro Sequencer Q96 instrument. This maintenance agreement ensures that the instruments are in good working order, providing a yearly preventative maintenance visit.

These services are critical to the nature of work regarding identification of pathogens of human interest, including ZIKA virus, *Neisseria meningitides*, influenza A and B, novel strains of influenza, herpes simplex virus, and enterovirus. The work we do allows physicians and public health staff to make timely and crucial decisions for their patients with an unknown illness, and to assist in outbreak detection and disease tracking.

This maintenance agreement allows the Health and Environmental Testing Lab (HETL) to meet all accreditation requirements as set forth by the Clinical Laboratory Inspection Amendments (CLIA), by maintaining proper instrument functionality.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Resources and/or expertise is not available within the State of Maine's government, and/or other governmental entities.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Vendor provided a 5% discount to HETL, for each instrument covered under this agreement.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department does not intend to RFP this service.

State of Maine Waiver of Competitive Bidding Request Form

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The instruments covered under this MA are manufacturer by Qiagen. The instruments have proprietary components that are serviceable only by representatives of Qiagen. Any service conducted by non-Qiagen representatives may have an adverse effect on the instruments and will null and void any guarantees regarding the instruments.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
