PART III: SUPPLEMENTAL INFORMATION

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

Cloud hosting and off-the-shelf software subscription/support from Oracle. The State of Maine Office of Information Technology has chosen not to operate/host an Oracle Analytics environment, which requires associated hardware and software support subject matter experts.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

All Oracle software, support and cloud computing is being acquired under the pricing, terms and conditions of the State of Massachusetts ITS-64 Oracle Software and Services contract which replaced ITS-19 effective 5-22-2018 and is in force through 6-30-2023. Massachusetts negotiated the contract with Oracle over a period of 3-years replacing the previous ITS-19 agreement. Maine indicated it would participate in ITS-64. Pricing is consistent with the existing agreement. Maine is contracting for Oracle PaaS and IaaS Universal Credits/units to achieve best value pricing for the Data Warehouse cloud services.
