3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Staffing and expertise related to this curriculum do not exist within state government or other public resources. This curriculum was developed by the vendor listed and is available through their organization.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department will continue to work with the school administrative units involved in Maine AWARE and stay fully informed and involved in the evidence-based curriculum and programs they choose to use that support the overarching goals and requirements of the Maine AWARE grant.
