		If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:
<b>Please note that the following four points below (#2 through 5) <u>all</u> require a response.</b>		
<b>2. Description of Specific Need</b>		
Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.		
<p>This purchase would be to replace a dual-purpose K-9 who is being retired due to age and ability.</p> <p>This dog will be trained in Drug detection and Tracking. By purchasing the K-9 from a vendor the department receives a guarantee from the vendor on health of the dog, as well as trainability.</p> <p>This type of dog is important to the Department of Corrections to prevent the introduction of contraband drugs into facilities and helps to keep staff and prisoners safe. Additionally, the K-9 provides us with the ability to track in the event of an escape.</p>		
<b>3. Availability of other Public Resources</b>		
Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to

address the identified need more efficiently and effectively than the identified vendor.

There are no public resources from which we can obtain a K-9 capable of passing the required training.

**4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost from this vendor is similar to other vendors in the region. The cost of this K-9 is less than what the Department has paid for past K-9's – due to the type of activities the dog will be involved in.

**5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The uniqueness of this commodity makes competitive purchasing risky.

**Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The Maine Department of Corrections has a need for a non-aggressive passive alert drug detection K-9. This vendor has supplied multiple dogs to nearby state Department of Corrections where these dogs excel in person searches, considerably reducing the introduction of contraband into their facilities. The Maine State Police who provides the training to our K-9 Handlers will also be using this vendor in future K-9 purchases.

The K-9 will come with a one (1) year health guarantee and a three (3) month trainability guarantee. If, after a three (3) month period the K-9 cannot be trained, then the Department will be provided with a different K-9.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

In order to find qualified dogs that will be the correct age for Drug school in October the vendor will need to immediately start looking.
