1. Statutory Justification

<input type="checkbox"/>	A. The procurement of goods or services by the State for county commissioners pursuant to Title 30-A, section 124, involves the expenditure of \$2,500 or less, and the interests of the State would best be served;		
<input type="checkbox"/>	B. The Director of the Bureau of General Services is authorized by the Governor, or the Governor's designee, to make purchases without competitive bidding because, in the opinion of the Governor or the Governor's designee, an emergency exists that requires the immediate procurement of goods or services;		
<input checked="" type="checkbox"/>	C. After reasonable investigation by the Director of the Bureau of General Services, it appears that any required unit or item of supply, or brand of that unit or item, is procurable by the State from only one source;

	D. It appears to be in the best interest of the State to negotiate for the procurement of petroleum products;
	E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving: (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service; (2) A sharing of project responsibilities and, when appropriate, costs;
	<i>If citing the above justification for this sole source request, please note that the specific approval of the Governor's Office is required, in accordance with Executive Order 26 FY 11/12, "An Order to Enhance Competitive Bidding". The approval must be documented on DAFS/BGS/Division of Procurement Services "GOVCOOP" form, found here: http://www.maine.gov/purchases/info/forms/govcoop.doc.</i>
	F. The procurement of goods or services involves expenditures of \$10,000 or less, in which case the Director of the Bureau of General Services may accept oral proposals or bids;
	G. The procurement of goods or services involves expenditures of \$10,000 or less, and procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need.
	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:
Please note that the following four points below (#2 through 5) <u>all</u> require a response.	
	2. Description of Specific Need Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.
	The contract is necessary for the continuation of the State's Wellness Program which is designed to improve the health status of the state employee population and help reduce the costs of the state employee health program per Title 5, 285, Section 7-A of Maine Statute. The service is necessary to maintain the proper skill, knowledge level and purchasing power to obtain necessary service program initiatives to meet the State's population health goals.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Medical Care Development is a national organization specializing in population health improvement and is able to utilize their position in the industry to leverage their organizational expertise and current staffing to recommend and procure services in an efficient cost. The state would need to increase professional staffing to match expertise and resources immediately available to MCD and develop contacts within the healthcare industry specific to wellness programming to meet current wellness programming needs. Prohibitive time and expense would be required in order to develop these resources.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost of the one-month extension is based on the current contract arrangement which ended 6/30/19. The \$12,500 is the prorated one-month cost of the annual contract.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The service was put out to bid using the Request for Proposal (RFP) procedure. The sole bid was made by the existing vendor, Medical Care Development. Negotiating a fair contract and navigating the process with an OIT specific contract component has resulted in a need to extend the current contract to maintain continuity of the wellness program and availability of current resources for employees.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date).
