	Project End Date:		Grant End Date:	
Vendor/Provider/Grantee Name, City, State:		American Aluminum Accessories Inc 3882 Byron Butler Pkwy Perry, Florida 32348		
Brief Description of Goods/Services/Grant:		Two aluminum K9 kennel inserts for GMC 1500 Sierra Trucks		

PART II: JUSTIFICATION FOR VENDOR SELECTION

Mark an "X" before the justification(s) that applies to this request. (Check all that apply.)

	A. Competitive Process		G. Grant
	B. Amendment		H. State Statute/Agency Directed
x	C. Single Source/Unique Vendor		I. Federal Agency Directed
	D. Proprietary/Copyright/Patents		J. Willing and Qualified
	E. Emergency		K. Client Choice
	F. University Cooperative Project		L. Other Authorization

**State of Maine
Procurement Justification Form**

PART III: SUPPLEMENTAL INFORMATION

Please respond to ALL of the following:

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Over the Past Four years the Maine Warden Service K9 unit has started using American Aluminum EZ Rider K9 kennel inserts in new K9 patrol vehicles. These have been installed in crew cab GMC sierra 1500 trucks at two trucks per year. GMC has changed their body style and chassis design for the 2020 sierra model which requires the purchase of new kennels in order to fit the 2020 design. Previously purchased American Aluminum EZ rider kennel inserts from our purchased 2015 to 2016 models are not compatible with the updated 2020 GMC Sierra body style and chassis. Previous designs of issued K9 Kennel inserts are compact and do not provide sufficient room for the K9 which has resulted in significant injury to some of our K9's including split or cut tails, infection from tail and abrasion injuries, ingestion of firewall and door handle material. Progression in K9 selection and higher drive K9's lead to more destructive behavior from the K9 inside the vehicle. The patrol trucks currently equipped with American Aluminum EZ Rider K9 inserts provide ample room for the K9 and are better built and provide sealed and safer compartment for the K9 in the event of collision and a better ventilation system for heat avoidance inside the vehicle. American Aluminum EZ Rider K9 inserts in current patrol vehicles have resulted in no injury to K9's or destruction to the truck

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

American Aluminum Accessories Inc. produces a unique and quality K9 kennel insert. There are very few manufactures that produce a quality manufactured K9 kennel insert to fit inside GMC 1500 trucks. There are no manufactures of K9 Kennel inserts within the state of Maine.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The only comparable manufactured K9 kennel Insert for GMC 1500 Sierra is built by Havis inc. which is approximately \$300-\$400 more in price per unit and have less features specific to Warden Service needs. The department has purchased American Aluminum K9 inserts direct from the manufacturer for the past four years which has allowed for the most direct and fair pricing compared to a dealer or distributor. Price is comparable to Previous years purchases for GMC 1500 Sierra trucks. Ordering two kennel inserts at once saves on shipping cost opposed to shipping one kennel insert unit at a time individually.

State of Maine Procurement Justification Form

PART III: SUPPLEMENTAL INFORMATION

4. Describe the plan for future competition for the goods or services.

Change in truck model and selection may alter the style and brand compatibility of K9 kennel inserts in the future. Switching brand trucks from Ford to GMC has limited the number of manufacturer options and products on the market.

PART IV: APPROVALS

Signature of requesting Department's Commissioner (or designee):	<i>By signing below, I signify that I approve of this procurement request.</i>
