PART III: SUPPLEMENTAL INFORMATION

The COVID-19 pandemic required Maine adult education programs to shift to emergency remote service overnight. The transition challenged programs because they did not have the processes and procedures in place to continue serving their adult learners. This contract requires adult education programs, organized in regional hubs, to develop a continuity of services plan that will allow them to continue service 60% of their adult learners when a disruption of onsite services occurs. With the dynamic pandemic situation continuing, the need to develop the plan is great, so that programs have procedures in place for instruction, intake, communication and the equipment they need to transition their staff and learners to remote learning.

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

Funding was available to Maine adult education programs. The vendor is a Maine adult education program with experience in providing services to adult learners, including experience with distance learning.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantees.

The state office of adult education distributed \$33,333.00 to each of its nine regional hubs.

4. Describe the plan for future competition for the goods or services.

This funding was a one-time allocation, and a future competition for the services is not anticipated.
