PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

To replace a malfunctioning DVR that does not allow for the transfer of video recording and to also upgrade the camera system so it is operable with the new DVR system to enhance security capability

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

This vendor is servicing the current system and all systems throughout the State. They are also installing the new system at the YJC, which required a statewide system upgrade for inoperability capability that they will also maintain. The vendor was originally selected as a sole source vendor due to lack of competition to service the State.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

These rates are fair and reasonable due to a quote being provided (attached) which is an industry standard we see typically when requesting quotes for similar items and installation. Funding was/is utilized through current budget monies reallocated.

4. Describe the plan for future competition for the goods or services.

With competition limited to vendors many miles away and the inability to provide statewide service, it is unknown at this time what viable vendors will be available in the future.
