2. Description of Specific Need		
Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.		
<p>According to Maine Revised Statute, Title 22, Subtitle 4, Part 1-A, Chapter 1477 §5327 Allocation of Community Services Block Grant funds, the Maine Department of Health and Human Services has established Community Action Agencies to be the “first priority” recipients of Community Service Block Grant funds. The Community Action Agencies receive seven-year designations from the Maine Department of Health and Human Services, and using the funds under that designation, initiate, sponsor and provide programs and services responsive to the needs of the poor that are not otherwise being met through additional partnerships with other public and private sector organizations, as well as requiring maximum feasible participation and representation within the low-income communities the Agency serves. Community Action Agencies are a primary source of direct support for people who live in poverty: The Community Action Service facilitates for low income clients; securing and maintenance of employment; securing adequate education; achieving better income management; securing adequate housing; providing emergency services; improving nutrition; creating linkages among anti-poverty programs; and, achieving self-sufficiency.</p>		
3. Availability of other Public Resources		
Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine’s government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.		
This set of comprehensive services is not provided by the state and no public resources are available to meet this need.		
4. Cost		
Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are fair and reasonable .		
<p>Allocation of Community Services Block Grant Funds to eligible entities is based on an historical formula. State of Maine statutory authority for the distribution of CSBG funds is provided in Maine Revised Statute Title 22, Subtitle 4, Part 1-A, Chapter 1477, Section 5327. The historical formula currently in use is a base allocation; 50% of available funds pass through to eligible entities must be divided equally among all designated agencies, plus a calculated allocation based on the % of individuals in households under 125% of poverty (based on latest census figures) in an agencies’ designated region/county.</p>

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Competition for CSBG funds is not done because allocation of Community Services Block Grant funds to eligible entities is based on an historical formula. State of Maine statutory authority for the distribution of CSBG funds is provided in Maine Revised Statute, Title 22, Subtitle 4, Part 1-A, Chapter 1477, Section 5327.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Community Services Block Grant (CSBG) funds are required to go to "eligible entities" in each state, Section 675(b) CSBG Act. There are 10 Community Action Agencies (CAAs) in Maine and their status as "eligible entities" are reviewed every 7 years. Designation of these ten (10) CAAs as an "eligible entity" is effective through September 30, 2025.

State of Maine statutory authority for the CSBG Program is provided in Maine Revised Statute, Title 22, Subtitle 4, Part 1-A, Chapter 1477, Sections 5321-5329.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
