Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Through OSHA Law deep trenches require the use of a certified trench box. The Engineering Division will be installing water lines to a depth of 6 feet at the Maine Wildlife Park and this will require the use of a trench box. The Department currently owns a 4 foot trench box and will require an additional 2 foot extension to the trench box from the same manufacturer to allow factory connection.
