2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Maine Department of Education(DOE) applied for and received a Preschool Development Grant – Expansion from the U.S. Department of Education. The Maine DOE Preschool Development Grant – Expansion application required that Maine DOE submit specific subgrantees. The Maine DOE’s Preschool Development Grant – Expansion work must be completed with the name subgrantees.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine’s government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Maine Department of Education is required to implement the Preschool Development Grant – Expansion with the identified subgrantees included in its original application to the U.S. Department of Education.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The Maine Department of Education followed the U.S. Department of Education’s Federal budget award structure. Each subgrantee/SAU’s budget was included as part of Maine Preschool Development Grant – Expansion application.

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.
