	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need
 Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Visitor Information Center (VIC) located in Calais was required to move locations a number of years ago into the facility that is owned by Maine Indian Education. The utility expenses (electric, water, sewer, HVAC) and general maintenance and cleaning are critical components of the VIC operation. Separating these services specific to the space occupied by the VIC is not financially feasible or reasonable.

3. Availability of other Public Resources
 Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Any other available possibilities within this area that the Visitor Information Center could be located would require additional funds for improvements and renovations that would far exceed the current contract amount. The partnership created between the Maine Office of Tourism, Maine Indian Education, and the Maine Tourism Association to operate this Visitor Information Center has been beneficial to all organizations and visitors that pass through this area.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The contractor and the department determined the cost based upon square footage, traffic count, hours and usage.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

This is not applicable at this time, as no potential opportunities exist that could provide these services described above to the Visitor Information Center where it is currently located, in the future.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

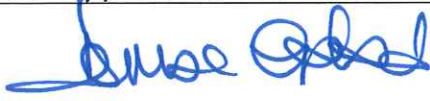

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Maine Indian Education keeps this building very well maintained, staffed and welcoming for visitors. In addition, it houses exhibits telling the story of the Downeast region as well as a gift shop for local native crafts. Maine Indian Education has worked to develop and implement a sustainable building use plan in which we play a critical role. This space is also available to rent for events, which also offset building related costs. This building holds great value to the community, designated as a Wabanaki Cultural Center.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
