Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. The purpose of this agreement is to continue the provision of a data analytics tool (referred to as the MaineCare Utilization Reporting Tool MURT)) for the Department's Value Based Purchasing unit. This tool is used by the Department to reduce unnecessary emergency department utilization and streamline care coordination. The MURT is a custom tool, developed and owned by the Provider, used only by the staff in the Value Based Purchasing unit. The tool provides information, previously obtained through fax delivery from each hospital system throughout Maine that is an integral part of the staff workflow.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Sufficient staffing, resources, or expertise is not available within the State of Maine's government.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This agreement includes a continuation of existing services and tools pre-negotiated. Refinement of the costs will continue as the services and tools are used. The Department considers these costs to be fair and reasonable.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The Provider is Maine's only state designated health information exchange (HIE). The Provider has developed a unique relationship with doctors, hospitals and other providers throughout Maine to share important health information and improve patient care. The Provider has coordinated with HBI Solutions, a leader in predictive analytics and performance analysis solutions, to customize 13 risk models using real-time clinical data from Maine's HIE. The Department chose to implement the Provider's proprietary predictive analytics platform for the Value Based Purchasing Program.
