Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Maine Revenue Services (MRS) Income/Estate Tax Division contracts regularly for federal income tax training for staff. This training includes, but is not limited to, all federal forms and schedules, income additions, tax deductions, tax credits, and federal law changes. Information on the Maine income tax return is derived from the federal income tax return, making this training essential to the daily work performed by staff. Training in the past has been thorough and beneficial to the services that MRS provides to Maine taxpayers. Mr. Martines holds advanced degrees and certifications and is an accounting lecturer at the university-level.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This type of expertise is not available within Maine Revenue Services or any other state agency. The most effective and efficient way to provide this training is through a contracted vendor.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost per participant is \$830 and includes 8 sessions of training per participant and will be taught in two small group sessions each training day for a total of approximately 48 hours of instruction, all training materials and instruction. This is in-line with amounts MRS has paid in the past for equivalent training and MRS has deemed it fair and reasonable.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

At this time, Mr. Martines is the only professional with a university-level teaching and tax background, willing to provide this service in the area.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Mr. Martines will provide federal income tax training that is specifically tailored to federal income tax preparation, including custom training materials. This training enables MRS employees to maintain up-to-date expertise on all federal income tax forms, schedules, and law changes.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
