	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

**Please note that the following four points below (#2 through 5) all require a response.**

**2. Description of Specific Need**

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Adult Community Corrections supervises convicted sexual offenders through the containment approach. By utilizing the containment approach a team of professionals work together to ensure public safety while working with the offender to ensure successful outcomes. A majority of sexual offenders under supervision are required to attend sex offender specific treatment in the community. Part of that treatment is to engage in Post-Conviction Polygraph Testing to ensure compliance with treatment contracts as well as conditions of community supervision. The provider shall facilitate such testing to be completed on offenders who lack sufficient funds to engage in such testing that is required through treatment.

**3. Availability of other Public Resources**

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Department of Corrections staff are not trained or certified to conduct such exams, nor is the DOC aware of other government agencies who are proficient in this area. The Department relies on outside agency providers to provide and facilitate treatment for those under community supervision as determined by the courts.

**4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Polygraph Exams are \$300.00 a test which the Department considers to be fair and reasonable. As per the contract amount, this would enable the Provider to test 50 individuals for the duration of this contract.

**5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Potential opportunities would be to engage and encourage future growth in the field of Post-Conviction Sex Offender Specific Polygraph Testing.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Through its existing network of statewide treatment groups, the Counseling and Psychotherapy Center (CPC) is currently provided clinical services to a majority of those under supervision for sexual offenses throughout the State of Maine. The Counseling and Psychotherapy Center is uniquely situated to facilitate the required testing for the specified target population. MDOC has determined that the proposed vendor is the only one capable of meeting this need on a statewide basis and within the specified timeframe.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**  
Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
