PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The purpose of this Agreement is to provide education, support, and technical assistance to domestic violence service providers and providers of direct services in the State to establish and maintain shelter and supportive services for survivors of domestic violence and their dependents. It also supports the development of policies, procedures, and protocols to enhance domestic violence intervention and prevention in the State.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

MCEDV plays an important role in helping programs to develop and deliver competent practices consistent with Family Violence Prevention and Services Act (FVPSA) guidance, including the promotion of trauma-informed services that help facilitate the social and emotional well-being of both survivors and their children. MCEDV has many years of experience in the oversight and management of domestic violence emergency shelters statewide and in of providing advocacy and other assistance to survivors.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The costs for these services are comparable to costs allocated to providers of similar services within the State and New England.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to seek competitive bids for this service as MCEDV is the State's only domestic violence coalition. In the coming year, the Department will pull together a group of stakeholders to review recommendations from the statewide victim needs assessment and help inform the future strategic funding plan for violence prevention services.
