Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The large volume of customer walk-in, appointment and telephone traffic for the Bangor Career Center requires dedicated customer service representative staff to address the customer needs of Eastern Maine Development Corp, the Bureau of Rehabilitation Services (BRS) and the Bureau of Employment Services (BES). EMDC employs a receptionist for which other partners may rely on for services for by sharing costs. Costs are divided between agencies using the services.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Services under this contract are complex due to the number of programs, services, staff, and offices in the service area. It would take a number of months for another vendor to get up to speed with the knowledge needed to perform this critical service. Therefore the current vendor of federal WIOA service, Eastern Maine Development Corp, located within the one stop CareerCenter is the presumptive provider of this service.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The contractor is a sub-recipient of the WIOA Grant for Penobscot, Piscataquis, and Hancock Counties. As such, the contractor is an integral partner in the local Bangor CareerCenter and is considered a presumptive deliverer of employment and training services for this region including customer service services for reception functions. Their staff know the programs and CareerCenter expectations.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
