### 3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Staffing will be reduced in the winter months as the Tri-State Temp will no longer be available. No other state agency has this type of equipment available for MVCS use.

### 4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The Department has determined that the cost of the ground thaw units is fair and reasonable. Quickthaw is the sole manufacturer of the 42x42" and 30x30" ground thaw assemblies. They were recommended by other state cemetery Superintendents/Directors who paid similar rates for their units.

### 5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

If these models become available from other viable vendors, MVCS will obtain them by the most appropriate means, including the RFP - competitive process.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

At this time, Quickthaw is the sole manufacturer of the 42x42" ground thaw assembly set and the 30x30" ground thaw assembly set used to thaw frozen ground during the winter months. These are used to thaw a very specific sized area in order to accommodate winter burials.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
