Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The rugs in the Ashland Regional HQ for ACF are in terrible shape. They are worn, dirty and smell. We asked three companies to provide bids for replacement and only received two bids. We have decided to go with the lowest of the two bids. This bid would remove and dispose of the existing carpeting and replace with Vinyl Plank flooring in all areas specified. In the end this would eliminate all rugs in the building and provide for a healthier work environment.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is not a service any of our agencies provide

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Upon reviewing the two bids that were received we have decided to go with the lesser of the two bids and are confident that this is a job they can do.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

In the future if we need any such service it will also be put out to bid accordingly.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

This is an enormous undertaking and of the two companies that did bid, this company also seems to have the capabilities to do this job in a timelier manner, i.e.; manpower, equipment for moving large furniture etc. This contractor has given us a timeline of approximately two weeks for completion of the job. We certainly do not want this to drag out much longer than that thus upsetting customer foot traffic.
