	E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving: (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service; (2) A sharing of project responsibilities and, when appropriate, costs;

	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:	
Please note that the following four points below (#2 through 5) <u>all</u> require a response.		
2. Description of Specific Need Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.		
<p>Exhaust crank on T01-239 was smoking. Sent truck down to the Dealer for Injectors and cups because we do not have the tools for the job. While working on that, they found the wiring harness was bad. They contacted me and had them fix it while it was there.</p>

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Specialized tools and parts were needed that were not available at MaineDOT or local garages. The repairs could not have been done unless the truck was sent out.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

O'Connor's was able to get it in and get started right away. The price and turn around were reasonable for the repairs made.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The other shops did not have the correct tools for the job. Getting more certified dealers would help provide more options from which to select for outside work.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)
Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
