PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Judicial Branch owned facilities have pest control needs at numerous locations throughout the state. These pest control needs happen on a periodic basis throughout the course of a year. On occasion, immediate remedies are required for court operations to continue. This contract will provide services on an as needed basis as well as for scheduled services.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The Judicial Branch is offering to contract with a vendor who has the requisite certifications, qualifications, and experience needed to provide pest control and management services. These contracts are for a short period of time and will allow the Judicial Branch to establish a more formal procurement approach for these services. These contracts are to work as a stop-gap until the end of the fiscal year while RFPs are created to cover these services in a competitive format moving forward.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The Judicial Branch has established market rates for these services. Vendors will be required to adopt these rates in the contract. The Judicial Branch has extensive experience with procuring these services and the rates are based on existing contracts and the provision of services.

4. Describe the plan for future competition for the goods or services.

The Judicial Branch has provided a short and long term procurement plan to procurement services and reached agreement with the APOC. These short term contracts will be followed by an RFP for these services for a variety of facilities maintenance and repair services. The estimated start date for the service contracts after the competitive bid process is 7/1/2024.
