PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The purpose of this Contract is to provide 1600 "seats of Pathful Connect to BRS. The seats allow VR counselors to provide an enhanced delivery of pre-employment transition services and general VR career guidance and counseling to VR applicants. Pathful Connect allows for services to be delivered both virtually and in-person. Pathful connect activities assist in developing the comprehensive needs of services and aid in the development of the Individualized Plan for Employment to secure, retain and advance in employment. Pathful Explore Plus also hosts the Career Exploration Workshop curriculum which is delivered in multiple sessions across the State. The Addition of Pathful connect will allow BRS to record informational interviews with our community partners that can be shared with all clients. In addition it will support the growth of the P2P grant operations within school settings. This Contract will also add 75 seats of Pathful Jnr which is a career education platform designed to motivate and inspire a younger audience, which will align with our P2P grant partners.

This is the beginning of our seventh year using Pathful.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

Pathful has a multitude of tools that allow BRS to work with clients individually and in a group setting. These virtual options allow us to target client in customized settings and at times avoid the need for travel. Pathful currently has over 1000 career videos and employability skills videos; ones someone has completed all tools, assessments and resumes etc the information can be downloaded and the seat can be used by another person.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The cost for each seat is \$30.46 per year and can be used multiple times through the contract year. VR serves over 5,000 disabled Maine citizens a year. Transition students make up 40% of VR clients. WIOA requires VR to spend 15% of the budget on Pre-Employment Transition services. *Pathful* is one tool that VR Counselors can use with transition students to assist them in exploring career options, interests and explore post-secondary opportunities

4. Describe the plan for future competition for the goods or services.

BRS will continue to look at alternative options that can deliver a comparable deliverable.
