If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

**Please note that the following four points below (#2 through 5) all require a response.**

## 2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Q-Flow ticketing system was purchased as a result of a contract in 2016 and is already in place in the 13 branch offices of the Bureau of Motor Vehicles. The bureau will continue to use this equipment and the requested maintenance is necessary to sustain the system.

## 3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The maintenance and support were included by the vendor as part of the original contract.

## 4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost of the yearly maintenance and support of the Q-Flow system has not increased since the original contract agreement in 2016.

## 5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Competitive bidding opportunities will be sought when the equipment reaches end of life and needs replacement.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The original contract was a result of the RFP process and AFC was the best value company and the lowest bidder. AFC provided the Q-Flow ticketing system and subsequent maintenance to the bureau. The BMV branch offices rely on the Q-Flow system to manage customer ticketing. Continued support and maintenance is required to keep the Q-Flow system operational.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
