Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Paragraph 93 of the Bates Consent Decree states that DHHS "shall fund, develop, recruit and support a variety of housing options, which can accommodate varying levels of supportive assistance to clients, according to client need. Some class members will live independently". The Decree also states that "others will need to live out of home in more restrictive environments which are fully staff supported". Finally, paragraph 32 of the Decree states that "Non-class members shall not be deprived services solely upon the basis they are not members of the plaintiff's class".

According to the Court Master's findings of October 29, 2008, "Pursuant to paragraph 295 of the Settlement Agreement, I recommend that the Department reinstate service eligibility in accordance with their plan of October 13, 2006 and resume state funding, seeking any necessary appropriations to provide mental health services included in the State's Medicaid Plan (i.e. community integration, ACT, daily living support, skills development, outpatient services, medication management and residential treatment) for all persons who are clinically eligible, even though they may be financially ineligible for MaineCare."

The agreement is necessary to provide funds to an individual in spend down (persons who temporarily lose their eligibility for MaineCare due to being over income).

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine’s government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Department does not have the resources or expertise to provide this service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Rates are standardized and consistent with the MaineCare rate.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

These services are delivered by “willing and qualified providers” who are licensed with the Division of Licensing and Regulatory Services and have a contract with SAMHS.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

DHHS, Office of Substance Abuse and Mental Health Services has determined that these providers are willing and qualified providers who are licensed to provide these services and employs qualified licensed practitioners.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
