Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Davis-Bacon SaaS allows MaineDOT to automate the process of collecting its contractor's payrolls and auditing them for compliance with Davis-Bacon regulations. MaineDOT procured this software as the agreed-upon remedy to a Federal audit finding. The current contract expires 1/30/2020. We expect to post the new RFP in November, but there is a risk that the RFP, selection, contract and new implementation process cannot be completed by 1/30/2020. We want to allow six (6) more months to ensure there is no interruption of service.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Elation Systems, Inc. is the only entity that can provide access to their proprietary Software as a Service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

MaineDOT has found the cost of six (6) more months of service to be fair and reasonable.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department is currently having the RFP reviewed to procure these services in anticipation of the end of the Elation Systems, Inc. contract.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Elations Systems, Inc. is the only entity that can provide access to their proprietary Software as a Service.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
