2. Description of Specific Need		
Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.		
<p>The Emergency Services Communication Bureau (Bureau) manages the state's NG911 Services vendor. The Bureau is also responsible for maintaining the necessary GIS components and provisioning these changes to the NG911 Vendor daily. The software that the Bureau uses to maintain the GIS must perform all GIS maintenance and also be compatible with the NG911 vendor's software. GeoComm provides both the GIS functions within the NG911 system and the Bureau's GIS maintenance software, simplifying and ensuring the compatibility of products.</p>

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Not applicable as this is for software and support only. State employees will be utilizing the software.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

GeoComm has not raised the price of this software for several years.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The opportunities to foster competition are dependent upon the selection of another NG911 services vendor as it is critical to ensure that the GIS components within NG911 core services are compatible with the back-office software being utilized by Bureau staff.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services.
