2. Description of Specific Need
Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

To address the high rate of incarcerated females who have Mental Illness (MI) or Co-Occurring Mental Illness and Substance Abuse (CMISA), NAMI-ME will convene an interagency work group to advise MDOC and NAMI-ME on the targeted implementation of interventions to train formerly incarcerated women as peer-support specialists and to enhance community connections to increase utilization of MI services upon release. They will also create and train our staff working with incarcerated women in a gender responsive (GR) Crisis Intervention Team Model along with a GR Mental Health First aid.

We anticipate the targeted interventions designed for female offenders will result in outcomes related to improved wellbeing that will impact return to custody rates; reduce incidents of violence on the unit; increase prosocial behavior; decreased substance use; and improved self-actualization. We anticipate the targeted interventions for staff will result in outcomes related to offenders' improved wellbeing that will impact return to custody rates; reduced incidents of violence on the unit; increased officer safety; increased job satisfaction; and increased staff wellness.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is highly specialized training which is not available within Maine State government, nor within any other local, state or federal agency that the MDOC is aware of.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

A detailed budget is included in the vendor's proposal which will be incorporated into the agreement. Various budget discussions took place and the Department considers all costs to be fair and reasonable.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department will consider procuring these services through competitive bid when/if we become aware of other entities which are capable of providing said services.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

NAMI-ME is uniquely qualified to provide the requested services as a result of their training and experience in the following areas:

- Offers compassion and provides social/emotional support for all persons affected by mental illness
- Advocates for improved quality of services for all persons affected by mental illness
- Educates, inform, and provide resources for and about mental illness
- Raise public awareness and promote understanding of mental illness
- Promotes the importance of peer support for all persons affected by mental illness

State of Maine Waiver of Competitive Bidding Request Form

- Trains volunteers and professionals
- Fosters a statewide network of affiliates and support groups

MEDOC and NAMI-ME plan to utilize the requested funds to address the issue of rising female incarceration rates attributed to Maine's opioid epidemic, and the high rates of incarcerated women with MI or CMISA, by focusing targeted interventions on three populations: 1) female offenders (160+ per year) with MI or CMISA; 2) staff (160) working with women with MI or CMISA; and 3) and formerly incarcerated women (5+ per year).

Due to their vast training and broad outreach, MDOC believes NAMI-ME is uniquely qualified to do this work.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
