Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

This contract provides support for comprehensive genetic services to Maine families with or at increased risk for genetic conditions in order to reduce mortality and morbidity from birth defects including cleft lip and palate, metabolic disorders and other genetic conditions. The grant also provides for education and training to health professionals regarding genetics and consultation to the Maine CDC programs, including the Children with Special Health Needs Program (CSHN), the Genetics Program, Bloodspot and Hearing Screening Programs and Birth Defects Program. Services are provided statewide but primarily to individuals in the northern regions of Maine. Some services are provided as outreach at EMMC, particularly metabolic clinic services.

Provision of genetic service contracts is authorized by statute 22 M.S.R.S. §1533

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

These are highly specialized clinical services. There are no governmental resources or other agencies that provide this service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This contract funds an estimated 18.3% of the cost to provide services. Costs are consistent with previous contracts.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department does not plan to RFP these services.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
