2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The American Association of Motor Vehicle Administrators (AAMVA) Digital Image Access and Exchange program (DIA) supports State to State transactions and the verification process required to support REAL ID mandates. When conducting secondary verifications and duplicate resolution scenarios it will provide the ability to obtain an image from a participating state, reducing incidents of potential credential fraud.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

AAMVA is currently the only company providing these services.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

These services are unique to this specific vendor, American Association of Motor Vehicle Administrators (AAMVA). AAMVA works cooperatively with jurisdictions to design and develop solutions that meet jurisdictional needs while continuing to focus on frontline staff and customer service and support. There are no other vendors that provide this service.

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services.
