PART III: SUPPLEMENTAL INFORMATION

Please respond to ALL of the following:

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Ipro Tech LLC Eclipse SE is case management software that allows attorneys at the Office of the Attorney General to manage documents, depositions, and other materials in complex civil and criminal cases. It ingests large volumes of paper and electronic documents, emails, and other materials to facilitate the review and analysis of the materials. It enables attorneys to sift documents for relevancy, conduct privilege reviews, and efficiently search for and organize critical information. It would be difficult, if not impossible, to effectively litigate complex cases without such case management software.

PART III: SUPPLEMENTAL INFORMATION

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

Eclipse is widely used among government agencies, including Attorney General offices in many different states and the United States Attorney for the District of Maine. It was selected after a thorough review of available software because it has all of the necessary features, was easy to use, includes strong user support, and allows for collaborative work with state and federal agencies in other jurisdictions.

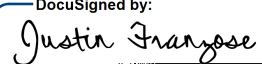

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The licensing fees for Eclipse SE are comparable to other case management software and are reasonable given the breadth and scope of features the software offers. The software significantly reduces the amount of manual work that would otherwise be necessary to manage information in complex cases, and likely results in a net savings to the office.

4. Describe the plan for future competition for the goods or services.

The Office of the Attorney General is currently auditing all information technology costs for the Fiscal Year 2022-2023 biennial budget. Each piece of that budget will go to the most economical vendor, which may be the Office of Information Technology, IPro Tech LLC, or another outside source. As items come up for renewal, quotes from three vendors will be solicited as warranted.
