State of Maine Procurement Justification Form

PART III: SUPPLEMENTAL INFORMATION

Participation in AASHTO re: source provides assessment and accreditation of our materials testing laboratories, which is required by Code of Federal Regulations 23 CFR 637, and also provides objective evidence demonstrating the accuracy and quality of tests performed by our agenda and others who may preform construction materials testing for our agency.

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

Services included are: world's largest assessment program covering construction materials testing with over 1700 labs participating; technical support from the AASHTO Committee on Materials and Pavements with expertise to assist with development and revision of AASHTO standards; a proficiency sample for construction materials used by participating labs to determine accuracy of test results by direct comparison to other labs performing the same tests on the same materials; the AASHTO Accreditation Program, which is the largest accreditation body serving the construction material testing community with more than 1900 labs participating.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

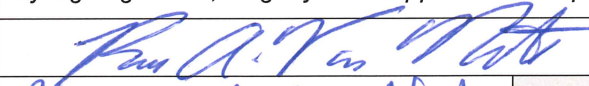

All states participate in this Program which results in significant savings for each State's transportation agency. Fees are set by AASHTO member agencies

4. Describe the plan for future competition for the goods or services.
