Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Services under this agreement will improve access for individuals with disabilities to Assistive Technology (AT) device demonstrations, device loans, and device reutilizations. AT devices are any item, piece of equipment, or products-whether acquired commercially or customized-that will increase, maintain, or improve the functional capabilities of a person with a disability. These AT devices will improve the quality of life for individuals with disabilities, enabling them to become more independent and less reliant on more costly social services. Facilitating access to AT is a necessary part of Maine's efforts to ensure that individuals with disabilities throughout Maine have the AT devices that they need.

Spurwink Services is a participating AT provider in the Maine CITE Program, a statewide comprehensive program to increase access to and acquisition of AT devices for people of all ages and disabilities covering life domains of education, employment, community living and information technology/telecommunications.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The "State Grants for Assistive Technology," Award #1601MESGAT, CFDA93.464 administered by the US Department of Health and Human Services (DHHS), Administration for Community Living (ACL, stipulates that Spurwink Services will be a participating AT provider in the Maine CITE Program. The plan specifically cites Spurwink ALLTECH, as a provider of: 1) AT device demonstrations, 2) AT short term loans, 3) AT reutilization and 4) technical assistance on AT and Accessible Education Materials (AEM). For decades Spurwink ALLTECH participated in a coordinated network of Providers as described in Maine's AT Plan, the purpose of which is to meet the AT and/or AEM needs of individuals with disabilities.

Performance data collected and reported by this Provider will continue to be used to assess and improve the Maine CITE Program, and to demonstrate that the State is meeting the performance goals of the Maine CITE State Plan for AT.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Annual AT grants awarded to states are driven by formulas. Contracts with this Provider have been based on the services that they deliver and have been primarily level funded for over seven years. Variations in funding may occur when federal award allocations to Maine change.

Spurwink ALLTECH has extensive and long-term experience in providing AT demonstrations and short-term loan services across Maine and has expanded as its commitment to include providing AT reassignment services. In addition, their inventory of AT devices for loans, demonstrations, reuses and recycling is unique, as is their capacity to house, and their expertise to maintain assistive technology equipment in good working condition.

PART III: SUPPLEMENTAL INFORMATION

4. Describe the plan for future competition for the goods or services.

Providers in the Maine CITE Program are cognizant of any new AT providers entering the field in Maine. However, under federal requirements, the grant will fund only those providers who offer AT device demonstrations, device loans, device reuse and recycling, or technical assistance pertaining to AT and/or Accessible Educational Materials (AEM). Federal guidelines stipulate that the Maine CITE Program will provide for statewide, comprehensive AT services for individuals with disabilities of all ages, covering all disabilities. Spurwink Services will continue to be a part of Maine's AT Consortium, a coordinated statewide network of service providers specializing in AT services for individuals with disabilities of all ages.

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below.
