Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION	
1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.	The federal Older Americans Act requires the Department to establish and maintain legal services for socially and economically disadvantaged seniors when their health, safety and welfare are at risk. Title 22 of Maine Revised Statutes, Section 5106(11-A) requires that the Department “support and maintain an Elderly Legal Services Program by agreement with such nonprofit organization as the Department finds best able to provide direct services to those of Maine’s elderly in greatest economic and social need throughout the State.”
2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.	Legal Services for the Elderly was created in 1974 when it became an option for the state to use Older Americans Act (“OAA”) (Title IIIB) funds to provide elder legal services. When this new source of funding became available, Maine’s Commission on Aging (this Commission no longer exists) took the position that Maine’s elderly would be best served by a single, dedicated legal services provider. It was believed this would lead to the development of the technical expertise needed to meet the unique legal needs of seniors and a more efficient use of the limited available resources. LSE provides people ages sixty and over with free legal advice regarding health care, health insurance, Medicare (including Part D), MaineCare (Medicaid), Social Security and other public benefits, pension and retirement benefits, powers of attorney, consumer matters including credit and bankruptcy problems, physical and financial abuse, guardianship defense and other issues. LSE maintains multiple offices located across the State of Maine and a statewide helpline to assist Maine’s elderly with legal issues.
3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.	The Department has concluded that the costs are fair and reasonable in comparison to other similar services and funding to this provider has remained consistent for many years.
4. Describe the plan for future competition for the goods or services.	In the coming year, the Department will pull together a group of stakeholders to review recommendations from the statewide victim needs assessment and help inform the future strategic funding plan for violence prevention services.
