This agreement will enhance suicide surveillance and data analysis through expanded collaboration with the Maine Violent Death Reporting System (MVDRS), overseen by the Margaret Chase Smith Policy Center at the University of Maine. Additional special analysis of MVDRS data will inform suicide prevention activities by identifying populations experiencing a disproportionate impact of suicide deaths, and circumstances that might increase an individual's risk for suicide.

The Provider shall collaborate with the Department to conduct relevant analysis, interpretation, and dissemination of MVDRS data; participate in current suicide surveillance initiatives; and provide data relevant to suicide prevention for the public.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the solicitation (RFP/RFA/RFQ) number and the date of award notification, if applicable.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The costs and rates of this vendor were considered fair and reasonable and the best value for the Department.

4. Describe the plan for future competition for the goods or services.
