	E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving: (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service; (2) A sharing of project responsibilities and, when appropriate, costs;

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

These services are required to address public health nursing needs in areas of the State not covered by the Maine CDC Public Health Nursing Program, pursuant to Maine Revised Statutes: Title 22: Health and Welfare, Subtitle 2: Health, Part 4: Hospitals and Medical Care, Chapter 408: Public Health Nursing, §1963, 1. Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine’s government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Maine CDC Public Health Nursing capacity does not cover certain areas of the State for these services.

The Department and any other governmental entity does not have the staff, resources and expertise to provide this service. Maternal and Child Health (MCH) nursing services are specialized in that the skill set is not available from other home care agencies in the geographic areas covered by this contract. No local, other state, or federal agencies have this skill set.

Payments for services are based on rates established in the last RFP.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

These services are being competitively bid through RFP 201909155 with a 4/1/2020 contract start date.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.
