**Please note that the following four points below (#2 through 5) all require a response.**

## **2. Description of Specific Need**

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

As required under Maine Law (PL 431, stemming from LD 525), the DOC is required to provide funding to the Maine Coalition to End Domestic Violence (MCEDV) to study the effectiveness of Batterer's Intervention Programs across Maine, and report to the legislature regarding their effectiveness by December 5, 2020. In addition, the bill provides funding to MCEDV to provide training and administrative services, along with reimbursements, for these programs and evaluation.

**The Department initially understood total funding to be \$150,000 as appropriated during FY19 but upon further review the legislation clearly states, "These funds are appropriated on an ongoing basis but not after June 30, 2021." The purposed of this amendment is to increase the contract total to accurately reflect the intent of the legislation, resulting in an additional \$300,000 being added to the contract.**

## **3. Availability of other Public Resources**

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The DOC is not adequately staffed to fulfill the stated requirements, whereas MCEDV is. Thus, MCEDV was designated in the enabling legislation to fulfill the required duties.

## **4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Available funding was also designated in the enabling legislation. MDOC will work with MCEDV to develop a program budget commensurate with the assigned tasks.

## **5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The subject procurement is driven by legislation as mentioned above. It is not likely to be repeated in the near future.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

### 6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The required services were spelled out in the enabling legislation (PL 431, stemming from LD 525), along with the vendor designated to provide said services as noted above.

### 7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
