X	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:	Competitive award adjustment

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

This is an amendment to cover additional costs for consultant time and services to facilitate, provide training, manage projects, and coordinate special projects for the Maine CAH/PPS Hospital CFO Network. These services were part of the original RFP services bid on by the Provider. These services were not resolved during primary contract negotiation between the Provider and the Department because they were funded temporarily through a different grant funding source which ended 8/31/2019. Now that the Department and the Provider have worked together to identify the contract terms, scope of the services, and cost under the Small Hospital Improvement Program (SHIP) grant provided through HRSA.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Waiver of Competitive Bidding Request Form**

The department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The quoted consultant cost is in line with current cost in this agreement and with other consultant costs within the Department.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

These services are scheduled to be competitively bid with a contract start date of 6/1/2023.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The Provider is the best option because the Department already has the RFP awarded contract CD0-20-2212 in place to work with the target audience, Maine CAH/PPS Hospital CFO Network, on the network Facilitation and Project Management services that were bid on by the Provider in the RFP.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
