**Please note that the following four points below (#2 through 5) all require a response.**

### 2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Office of Information Technology has contracted with SCS to provide voice and data wiring installation/move services. The contract is being extended 90 days to maintain services while completing the RFP process.

### 3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

OIT, and other State agencies, do not have staff to perform wiring install/change/move services. All state staff are committed to other voice and data network operational needs.
