	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

**Please note that the following four points below (#2 through 5) all require a response.**

**2. Description of Specific Need**

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

MRS uses Perforce TestTrack software to log system defects and enhancements, prioritize them, assign them to staff for remedying and tracking. MRS has been utilizing Perforce TestTrack since 2008.

**3. Availability of other Public Resources**

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is annual maintenance and support provided by the manufacturer. Currently there is no expertise in either MRS or OIT ApDev to support these products without assistance from the vendor.

**4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

MRS is purchasing maintenance and support at a discount through Perforce GSA program available to State and Federal Government. MRS also uses licenses that are most session based versus user based which allows for more employees to use the software.

**5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Currently this option does not exist.

**Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Perforce TestTrack is unique because it has built-in workflows to handle Systems Development, Quality Assurance, Project Management, and Issues Management for MRS's core applications used to conduct business.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
