Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

This is a purchase of a specific parcel of land in Fort Kent which adjoins the Fort Kent airport. Specific attributes of this parcel include power, road access, and it adjoins the runway. Due diligence was given to researching other properties in the area including abandoned schools and spec buildings. This specific lot along the airport allows access for aircraft and provides emergency response capability for fire suppression and law enforcement resources.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is one part of a project to reduce the number of state facilities and reduce long term operational costs to the Forest Protection Division. Two other facilities have already been sold in anticipation of this purchase. The new facility will provide office space for Forest Rangers and house necessary fire apparatus. The University of Maine at Fort Kent was consulted but there was no available space.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The purchase price was obtained from a land appraisal using local comps. This follows state purchasing guidelines.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Consult with local real estate agents and the town planning boards. Written proposals should be provided with the required specs and details of the entire project.

State of Maine Waiver of Competitive Bidding Request Form

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The vendor who owned this parcel of land also owned most of the land surrounding the airport. This parcel had access to power, roads, and adjoined the airport runway. No other parcel of land had these attributes.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):

By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.
