Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

SAMHS is responsible for services to individuals with serious and persistent mental illness (SPMI) within the State of Maine. Central to the Bates Consent Decree is the provision of community support services for consumers with SPMI.

The purpose of this agreement is to continue to provide Day Support services to specified client who is a class member and is clinically eligible to receive Day Support services. This client has been denied further authorization of Day Supports because client exceeded mainecare's time limit. Per the Consent Decree, it is SAMHS responsibility to ensure Class Members receive services. To prevent a discontinuation of Day Supports for this individual, an executed agreement is required.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Department does not have the capacity to provide this service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Rates are standardized consistent with the MaineCare rate and established by rate setting.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department does not intend to RFP this service as this is a onetime Agreement to ensure a Consent Decree member does not have a lapse in services.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Maine Behavioral Healthcare (MBH) is licensed with the Division of Licensing and Regulatory Services. MBH has the staffing and expertise to provide this service. MBH has been providing this service to the client already and has established rapport with the client.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
