REV 10/7/2021

**PART III: SUPPLEMENTAL INFORMATION**

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

T11-722 is a 2009 International patrol truck. The floorboards are rusted to the point where the truck will not pass a Maine state inspection sticker. Repairs totaling \$6,487.50 were made. The decision to move forward with these repairs was made consistent with Maine DOT Fleet Management's guidance considering the vehicle's age, miles, and anticipated replacement schedule. The estimated replacement cost for this equipment is \$100,000.00. This unit is not scheduled to be replaced. The decision to use a commercial repair facility was made after careful consideration of the availability and expertise of Department personnel and the operational need to get the equipment/vehicle back in service.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

This work could not be completed in-house, the regional Fleet facility does not have technicians trained in this type of repair. Given the scope of work to be completed and severe condition of the vehicle, the decision was made to send this unit to the vendor who has experience, knowledge, and expertise for this type of repair.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Cliff's Heavy Truck Painting and Blasting has done work for the Department in the past with blast and paint contracts and has also done other cab repair and body work for Maine DOT. The rates quoted for this work are in line and comparable with the rates for other contracted services provided by this vendor.

4. Describe the plan for future competition for the goods or services.

The region will continue to check availability with Maine DOT facilities to have the work done in-house. If Maine DOT resources are not available, commercial repair facilities will be contacted for cost estimates and availability of prompt service appointments. The cost proposals will be reviewed, and the work will be awarded to the facility that can best meet the needs of Maine DOT.

**PART IV: LATE JUSTIFICATION**

1. Is the vendor currently working?

Yes

No – If No, proceed to Part V

2. If you answered Yes to question 1, explain why the vendor is working before the contract is final approved.

Operational needs required Maine DOT to make immediate repairs to the vehicle.

**PART V: AMERICAN RESCUE PLAN ACT (ARPA) / MAINE JOBS & RECOVERY PLAN (MJRP)**

1. Does this request utilize ARPA/MJRP Funds?

Yes – If Yes, please attach the approved Business Case(s).

No – If No, proceed to Part VI

Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below.
