Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The Maine Department of Inland Fisheries and Wildlife (MDIFW) is mandated by statute to “preserve, protect and enhance the inland fisheries and wildlife resources of the State; to encourage the wise use of these resources; to ensure coordinated planning for the future use and preservation of these resources; and to provide for effective management of these resources”. As part of this mandate, the Department’s Environmental Review Program provides recommendations to avoid, minimize, and mitigate impacts to wildlife and their habitats that may occur from development projects. A significant increase in development permit applications over the past several years has resulted in an increased workload that cannot be effectively met by current Department staff. Adding additional capacity through a temporary contract position will allow the Department to meet its statutory mandate and provide improved customer service to permit applicants, without adding additional staff.

The Department’s current Environmental Review Program staff are working at full capacity and do not have sufficient time to effectively review the increased number of project applications. Other MDIFW staff also have full workloads and cannot address this need. Other governmental agencies do not have the resources or expertise to deliver MDIFW programs. We are not aware of other services or individuals that can perform the service more efficiently.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The vendor has been authorized by the United States Fish and Wildlife Service for contract administration to be used as state funding match for the Department’s Pittman-Robertson Grants. In effect, this provides the 25% state funding obligation to match 75% federal funds dedicated towards this effort, eliminating the state funds would be utilized under this contract. We know of no other vendors that provide state matching funds.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The salary is based on equivalent positions in MDIFW. The contractor will be paid at the equivalent premium rate to provide adequate compensation for acquiring health insurance and making contributions towards a federally mandated 401K plan, for contractors working over 1000 hours/year. The total salary is considerably lower than an equivalent position in the federal government or in the private sector (e.g., Wildlife Management Institute [WMI]).

The fee that the Provider charges was negotiated with the Northeast Association of Fish & Wildlife Agencies, of which the Department is a member. The Provider is willing to waive a portion of its negotiated fee, which in turn is used by MDIFW to meet federal match requirements.

PART III: SUPPLEMENTAL INFORMATION

4. Describe the plan for future competition for the goods or services.

If the U.S. Fish and Wildlife Service authorizes other vendors to provide the requested service in the future, the Department will use a competitive process to identify an appropriate vendor.

PART IV: AMERICAN RESCUE PLAN ACT (ARPA) / MAINE JOBS & RECOVERY PLAN (MJRP)

Does this request utilize ARPA/MJRP funds?

Yes, MJRP funds (023) – If Yes, please attach the approved Business Case(s).

Yes, ARPA funds (025) – If Yes, please be aware of the requirements from awarding federal agencies.

No – If No, proceed to Part V.

PART V: CONFLICTS OF INTEREST (COI); CONTRACT WITH THE STATE

Maine law contains Conflict of Interest statutes directed to State Departments, State Officers, and Employees Generally under MRS [Title 5, §18](#) and [§18-A](#), in harmony with MRS [Title 17, §3104](#).

The requesting department signatory understands and acknowledges Maine’s Conflict of Interest statutes.
