**PART III: SUPPLEMENTAL INFORMATION**

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This is a hands-on technical position responsible for the daily implementation, configuration, and maintenance of SoM’s network hardware and software. It focuses on the operational health of the network, ensuring high availability and performance by installing routers, switches, and firewalls according to established designs. This position troubleshoots connectivity issues and deploys security patches to keep the network running smoothly.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the solicitation (RFP/RFA/RFQ) number if applicable.

Presidio was awarded master agreement MA 18P 230309\*0106 from NASPO Cloud Solution solicitation with an end date of 9/15/2026. Services are needed until 12/30/2026 to maintain these contractors who are Presidio’s specific contractors and a change in contractor would create a disruption to the State of Maine network.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Pricing per MA 18P 230309\*0106.

4. Describe the plan for future competition for the goods or services.

Will continue to leverage competitive solicitations agreements for future agreements of this type if available. In the absence of a competitive solicitation agreement the State of Maine would RFP these services.
