

Clarification #1

Lewiston Readiness Center POV Parking Addition **Project No. 23SC16-306, Bid Number #20-036**

Directorate of Facilities Engineering

6 April 2020

Bidding Procedures:

1. As stated in Addendum #1, the bidding procedures are adjusted due to the current state of emergency currently underway. Here is a recap:
 - a. Bid opening is still set for **April 9, 2 pm** in Bldg 7, Camp Keyes, Augusta, Maine 04330.
 - b. The bid opening will be non-public.
 - c. Bids will be **hand delivered** to Bldg. 7, Camp Keyes which is located at 194 Winthrop Street, Augusta, Maine. Bldg.7 is outside of the gate so you do not need to enter the gated portion of Camp Keyes to deliver your bids. Due to the uncertainty of the current mail situation, we decided to have all bids hand delivered to ensure bids are not misrouted or not delivered in time for the 2 pm bid opening.
 - d. Prior to arriving please call the PM (Paul Lapointe, 207 441-0402) or Mrs. Sherrill Hallett (Contract Grant Specialist 207 430-5694). I will be on-site from 8 am until bid opening to receive and stamp in bids. You can also ring the bell at the front door to gain access. The DFE office is on the left as you enter, go through the double doors and it is the office directly in front of you. If you have any issues, call Mr. Lapointe at the number provided to insure you bids are properly received and stamped in.
 - e. Results of the bid opening will be provided to all bidders who submit bids and BREM.
 - f. Bid opening will confirm the following:
 - i. Presence of required bid bonding.
 - ii. Acknowledgment on the bid submission form of addendums 1 and 2.
 - iii. Bid price for base bid and Alternate Bid Item #1. There is only one ABI.
 - iv. Bid submission form is signed.
 - g. Basis of award is the sum of the lowest base bid plus awarded ABI's. Owner reserves the right to award all or none of the ABI's.
 - h. Award decision will not be made on April 9th. Bid results will be provided to the Engineering Supervisor who will make the final determination of award.
2. Technical question period is closed. We will still answer any bidding procedure questions. A reminder that the square yardage for ABI#1 was reduced per Addendum #2. The last question received was as follows:

Q: Is site QC testing going to be required for the paving in the alternate?

A: Yes.
