NOTICE TO CONTRACTORS
INVITATION FOR BIDS

The Department of Defense, Veterans and Emergency Management (DVEM) is conducting a competitive bid process for the Fire Truck Building Project at The Woodville Training Site (WTS) in T2 R9 TWP, Maine. Bids will be opened and read aloud by the Directorate of Facilities Engineering in Augusta, Maine at 2:00 p.m. 4 August 2022.

Project consists of two significant construction activities. The first is the construction of an 1,800-sf new construction concrete masonry unit (CMU) building with light gauge metal pre-engineered roof trusses to provide storage for two US Army Type 6 Wildland Firefighting vehicles and associated wildland firefighting equipment. The new building will be constructed on an existing gravel area on a frost wall with slab. Utility work will include domestic water, power, site lighting, propane tanks, communications, and stormwater. The second significant construction activity is the construction of new overhead single phase electrical utility line from the nearest last utility owned pole to the new facility. The length of this new power line is approximately 10,000 linear feet. A mandatory pre bid conference will be conducted on site (Site A -WTS) at 10 am on 21 July, 2022.

The detailed *Notice to Contractors* is on the Bureau of General Services website: <https://www.maine.gov/dafs/bgs/business-opportunities> .
