

Notice to Roof Engineers
Request for Qualifications

The State of Maine Department of Health and Human Services wishes to procure Roof Engineering services for the Riverview Psychiatric Facility in Augusta, Me.

The scope of work consists of design and construction administration support services for approximately 51,000 SF of various roof surfaces. The intent is to solicit bid proposals from contractors for the work to proceed in 2022.

Electronics Qualifications Package should be sent to BGS.Architect@maine.gov no later than **January 3rd 2022 at 1pm.**

Responding entities will be screened and interviewed on the basis of the qualifications only. Fees will not be discussed at the interview.
